ALPHA TREATMENT CENTERS FOSTER FAMILY AGENCY CONTRACT COMPLIANCE REVIEW

The Department of Children and Family Services (DCFS) Contracts Administration Division (CAD) conducted a Contract Compliance review of Alpha Treatment Centers Foster Family Agency (the FFA) in October 2015. The FFA has one office located in the First Supervisorial District and provides services to the County of Los Angeles DCFS placed children. According to the FFA's Program Statement, its stated purpose is "to provide foster care and treatment for abused and neglected children while re-unification services with their families are being explored and/or completed."

At the time of the review, the FFA supervised 54 DCFS placed children in 24 Certified Foster Homes (CFHs). The placed children's average length of placement was 14 months and their average age was 8.

SUMMARY

During CAD's Contract Compliance Review, the interviewed children generally reported: feeling safe in the FFA CFHs; having been provided with good care and appropriate services; being comfortable in their placement environment; and treated with respect and dignity. The Certified Foster Parents (CFPs) reported that they were supported by the FFA staff in their efforts to provide care, supervision and service delivery to the children placed in their homes.

The FFA was in full compliance with 10 of 11 areas of CAD's Contract Compliance Review: Certified Foster Homes; Facility and Environment; Maintenance of Required Documentation and Service Delivery; Education and Workforce Readiness; Health and Medical Needs; Psychotropic Medication; Personal Rights and Social/Emotional Well-Being; Personal Needs/Survival and Economic Well-Being; Discharged Children; and Personnel Record.

CAD noted deficiencies in the following area: Licensure/Contract Requirements: related to Special Incident Reports (SIRs) not cross-reported and Community Care Licensing (CCL) citations.

Attached are the details of CAD's review.

REVIEW OF REPORT

On November 12, 2015, Linda Lai, and Matthew St. John, DCFS CAD, and Kong Ng, DCFS Out-of-Home Care Management Division (OHCMD) held an exit conference with the FFA's representative Rachel Dyer, Administrator. The FFA representative was in agreement with the review findings and recommendations; was receptive to implementing systemic changes to improve compliance with regulatory standards; and agreed to address the noted deficiencies in a Corrective Action Plan (CAP).

A copy of this report has been sent to the Auditor-Controller and CCL.

The FFA provided the attached approved compliance CAP addressing the recommendations noted in this compliance report.

CONTRACT COMPLIANCE REVIEW
FISCAL YEAR 2015-2016**

SCOPE OF REVIEW

The following report is based on a "point in time" review. This compliance report addresses findings noted during the October 2015 review. The purpose of this review was to assess Alpha Treatment Centers Foster Family Agency's (the FFA's) compliance with its County contract and State regulations and included a review of the FFA's Program Statement, as well as internal administrative policies and procedures. The compliance review covered the following 11 areas:

- Licensure/Contract Requirements,
- Certified Foster Homes,
- Facility and Environment,
- Maintenance of Required Documentation and Service Delivery,
- Education and Workforce Readiness,
- Health and Medical Needs,
- Psychotropic Medication,
- Personal Rights and Social/Emotional Well-Being,
- Personal Needs/Survival and Economic Well-Being,
- Discharged Children, and
- Personnel Records.

For the purpose of this review, 10 placed children were selected for the sample. The Contracts Administration Division (CAD) interviewed six children. Four children were not interviewed as they were either preverbal or too young. During the home visits, the children were observed to be comfortable and well cared for in the Certified Foster Homes (CFHs), and their Certified Foster Parents (CFPs) were observed to be attuned to the needs of the children. CAD reviewed all 10 case files to assess the care and services they received. Additionally, four discharged children's files were reviewed to assess the FFA's compliance with permanency efforts. At the time of the review, two placed children selected for the sample were prescribed psychotropic medication. These children's files were reviewed to assess for timeliness of Psychotropic Medication Authorizations and required documentation of psychiatric monitoring.

CAD reviewed four CFP files and five staff files for compliance with Title 22 Regulations and County contract requirements. Site visits were conducted to the FFA and the CFP's homes to assess the quality of care and supervision provided to the placed children.

CONTRACTUAL COMPLIANCE

CAD found the following area out of compliance:

Licensure/Contract Requirements

- Special Incident Reports (SIRs) were not cross-reported to all required parties.

ALPHA TREATMENT CENTERS FOSTER FAMILY AGENCY CONTRACT COMPLIANCE
REVIEW
PAGE 2

A review of eight SIRs showed that two were not cross-reported to Community Care Licensing (CCL), and were not submitted to Out-of-Home Care Management Division. Both SIRs were only reported to the Department of Children and Family Services (DCFS) Children's Social Worker (CSW).

- CCL citations.

On December 4, 2014, CCL cited the FFA during a case management visit in a Facility Evaluation Report. The FFA was cited for not maintaining proof of the work hours for the part-time social workers. CCL requested a Plan of Correction (POC) to provide documentation of the part-time social workers' hours worked. The FFA provided the time sheets during a meeting with CCL on February 10, 2015. CCL cleared the POC on December 18, 2014.

CCL cited the FFA on February 19, 2015, as a result of a complaint received on October 27, 2014. CCL substantiated a complaint against the CFP for a toilet not being in good repair and for being late picking the children up from school. The children were returned to the home of their biological parent from a court order on December 10, 2013. The FFA decertified the home on July 11, 2014. CCL did not require a separate POC as the home was decertified.

CCL cited the FFA on February 19, 2015, as a result of a complaint received on October 30, 2014. CCL substantiated a complaint against the CFP who was not home when a placed child arrived home from school and the child had to wait outside alone. CCL requested the FFA speak with the CFP to ensure the CFP is aware of the children's locations. The FFA provided training on February 26, 2015, and submitted proof of the training to CCL on February 27, 2015. This referral was investigated by a DCFS Emergency Response Children's Social Worker (ER CSW) who deemed the allegation of General Neglect as inconclusive and the allegation of Emotional Abuse was unfounded. DCFS Out-of-Home Care Investigation Section (OHCIS) confirmed with CCL that the FFA complied with the POC and closed the investigation without further action. As of March 18, 2016, per CCL, the POC has not been cleared.

CCL cited the FFA on September 8, 2015, as a result of a complaint received on August 27, 2015. CCL substantiated a complaint against the CFP for a Personal Rights violation. The FFA provided the CFP with a one-hour training on Personal Rights on August 19, 2015, and a two-hour training on Safe Parenting/Discipline on August 28, 2015. Proof of the completed trainings were provided to CCL during the September 8, 2015 visit. The POC was cleared by CCL on March 18, 2016. This complaint was investigated by a DCFS ER CSW, and the allegation of Emotional Abuse was deemed to be unfounded. OHCIS closed the investigation without requiring further action.

REVIEW
PAGE 3

On September 28, 2015, CCL noted deficiencies during a facility evaluation visit to one CFH. On September 24, 2015, CCL observed that the CFP shared a bedroom with a placed child. The POC required the FFA to retrain the CFP about not sharing a bedroom with any placed children, except infants. The FFA submitted a POC and proof of the training on October 2, 2015, and it was cleared by CCL on the same date. This referral was investigated by Riverside County.

Recommendations:

The FFA's management shall ensure that:

1. All SIRs are submitted timely and cross-reported to all required parties, as per SIR reporting guidelines.
2. The FFA is in full compliance with Title 22 Regulations and free of CCL citations.

PRIOR YEAR FOLLOW-UP FROM THE DCFS CAD's FFA CONTRACT COMPLIANCE REVIEW

The CAD's last compliance report, dated November 19, 2015, identified 11 recommendations.

Results:

Based on CAD's follow-up, the FFA fully implemented 9 of 11 previous recommendations for which they were to ensure that:

- It requests and obtains the historical information from OHCMD prior to certification.
- All vehicles are maintained in good repair.
- FFA Social Workers develop timely Updated NSPs.
- FFA Social Workers develop timely quarterly reports.
- Children feel safe in the CFH.
- A sufficient supply of clean towels and personal care items that meet the child's ethnic needs are provided.
- Age-appropriate children are allowed to manage their allowance and/or earnings.
- All children are encouraged/assisted with maintaining a Life Book/Photo Album.
- Employees complete and sign a criminal background statement timely.

REVIEW

Based on the results of the current review, two recommendations were not implemented:

- All SIRs are submitted timely and cross-reported to all required parties as per SIR reporting guidelines.
- The FFA is in full compliance with Title 22 Regulations and free of CCL citations.

At the exit conference, the FFA representative expressed the desire to remain in compliance with all Title 22 Regulations and Contract requirements. The FFA will consult with the OHCMD for additional support and technical assistance and CAD will continue to assess implementation of the recommendations during the next monitoring review.

RE: FFA Monitoring Review Filed Exit Summary 2015 Corrective Action Plan

Dear CAD Team,

Thank you for taking the time to meet as our agency representatives for the annual CAD Exit Review on November 12, 2015. We take the review seriously and are motivated to learn which ways our agency can improve and to make the necessary changes. We are grateful to be made aware of the overall positive review provided and after having met with our administrative team, have addressed the found deficiencies in the below described manner. Should you have any additional required corrections, please make us aware as we will cooperate accordingly as required.

Sections and Noted Deficiencies Identified in the FFA Monitoring Review Field Exit Summary:

I. LICENSURE/CONTRACT REQUIREMENTS

- a. 2.) Are Special Incident Reports (SIRs) appropriately documented and cross-reported? (SAFETY)

Deficiency: "A review of 8 SIRs revealed that 2 of these did not cross-report to all required parties. Both SIRs were submitted to CSW only."

Corrective Action: Agency social workers received retraining regarding Serious Incident Reporting. This training included the delegation that all SIRs reported via the i-Track system MUST be cross-reported to our assigned Out of Home Care Monitor, Kong Ng. Incidents that are not considered serious incident reports according to the DCFS SIR Guide will continue to be reported to the CSW by email. (See Attachment).

- b. 4.) Is the agency free of substantiated Community Care Licensing complaints reports on safety and physical plant deficiencies since the last review? (SAFETY)

Deficiency: Seven citations were noted on the review. Approved Plans of Correction were submitted regarding each documented citation.

Corrective Action: ATC FFA will continue contacting Community Care Licensing on a monthly basis requesting all approved POC response letters. These requests will be made individually per each citation. Once received, ATC FFA will forward needed POC response letters to OHC Monitor, Kong Ng.

VI. HEALTH AND MEDICAL NEEDS

a.) 42) Are initial medical examinations conducted timely? (WELL-BEING)

Deficiency: "Two siblings were placed together on 3/23/15. The FFA required CFP to obtain medical examination within 48 hours for newly placed children. CFP took them to ER for check up on 3/24/15 but the doctor refused to sign County form. The initial medical examination by CHDP provider was completed on 5/13/15."

Corrective Action: ATC FFA provided retraining to agency social workers and to certified foster parents regarding the requirement to have initial medical exam completed at a HUB location if and when possible as it has been reported by social workers and foster parents the HUB has stated next available appointments are past 30 days. When this is the case, all efforts to complete initial medical appointments within the required timeframe will be documented. It was further reported the CSW did not provide medical information until past the required timeframe for the exam. Retraining included the Certified Foster Parent make the Agency Social Worker aware immediately if no medical information was provided. The Agency Social Worker is to contact the CSW immediately and CSW Supervisor if a response is not provided by the CSW by the next business day. (See Attachment).

Alpha Treatment Centers FFA is committed to providing quality service to our foster youth, meeting the needs of our foster youth and continues to provide ongoing training to our FFA Social Work Staff as well as our Certified Foster Parents to ensure that our agency continues to comply with all CCL Regulations and LA County Contract Requirements.
